Dear PS196 Families:

It's that time of year.... shorter days, colder nights and perhaps lots of shopping for gifts! The PA of PS196Q would love to help you with some of that gift shopping while supporting our school, with an amazing new fundraiser: Groovy Lab-in-a-Box.

With Groovy Lab-in-a-Box, children receive a box full of everything they need to learn about, and do, hands-on science, technology, engineering and mathematics (STEM) experiments. What makes this box so special is that everything you need is in that box (no Michael's or Target runs needed. ☺ )

All materials needed to complete the box activities are included plus:

A custom-designed, subject-specific Lab Notebook

Access to "Beyond....in a Box" web portal for extended learning opportunities and additional activities

The kits are geared for children 8+ (3rd grade and up)

There are 12 different single box options for you to choose from. The single boxes are \$36.95 (plus tax), Shipping is free and directly to you. If you enter our school's code during checkout, our PA gets \$10 for every single box (*not subscription*) purchased.

Check it out at: <https://www.groovylabinabox.com>

**Our code is GroovyEdu09**

Great for gifts or consider buying one for yourself and saving it for a cold, rainy, snowy day when you're staying indoors, or for entertaining a play date at your place. The boxes are also great for a family time activity. Have tons of fun with Groovy Lab in a Box!

Happy Shopping!
